Introduction

Congratulations! You are about to realize your retirement dreams! This packet has been designed to provide the information and forms necessary to apply for and begin receiving your retirement benefits from the Public Employees' Retirement System (PERS).

Your retirement includes both pension and access to health benefits. Please read this information booklet carefully to be sure you understand all the benefit provisions to which you are entitled. Also, make sure you have taken advantage of any claimed service options that might increase your benefit and, most importantly, that you meet retirement eligibility requirements.

By following the procedure outlined on this page you will receive your benefits timely. Your application must be submitted to the Division of Retirement and Benefits (Division) prior to your retirement effective date and should be submitted to the Division at least 60 days, but no more than one year, prior to your planned retirement date.

Must-Do Checklist

- ☐ **Retiree Return to Work Policy (Bona Fide Separation from Employment):** You must have a bona fide separation from employment. See pages 33 - 34 for information regarding bona fide separation.
- ☐ **Proof of date of birth and marriage:** If you are married, you must provide proof of marriage. You must provide proof of date of birth for yourself, spouse, and any dependent children. Copies are acceptable.
- ☐ **Divorce or Dissolution:** You must provide court-certified copies of all divorce decrees and qualified domestic relations orders that occurred while a PERS member. If the divorce happened prior to PERS membership and you have not remarried, provide a copy of only the divorce decree. If you remarried prior to PERS membership and are still married to the same person, you do not need to provide any divorce documentation. Please refer to the Qualified Domestic Relations Order (QDRO) Divorce and Dissolution Information Packet (gen027) on the Division website.
- ☐ **Federal Tax Information:** You must include the Withholding Certificate for Pension or Annuity Payments (W-4P) with your retirement application. If you do not specify your withholding allowances, the Division will default your withholding to single and zero adjustments. See page 28 for more information.
- ☐ **Direct Deposit:** If you elect to have your benefit direct deposited, you must provide a voided check for personal checking accounts, or proof of account number and routing number for a personal savings account.
- ☐ **Health Benefit Enrollment:** You must make an election for medical, dental-vision-audio, and long-term care coverage. If you do not want coverage, you must mark the box declining coverage. You will not be appointed to retirement until you elect or decline coverage. If you or your spouse are Medicare-eligible (age 65 or older), provide your Medicare Number (Medicare Beneficiary Identifier or "MBI") on the Medicare Enrollment Verification form (ben097), page F-15, or in the Health Dependent Enrollment section of the retirement application, page F-7.
- ☐ **Indebtedness:** You must decide if you want to pay for any indebtedness in full or accept a lifetime actuarial reduction to your retirement benefit. This will only be done if it is monetarily beneficial.
Payment of Indebtedness with Pre-Tax Transfer: If you are planning on paying for your indebtedness, it must be initiated 6 weeks prior to your retirement date. Your retirement will not be processed until the transfer is complete.
- ☐ **Signature:** You must read the certification language on page F-10 and sign/date your application.
- ☐ **Power of Attorney (POA) or Guardian, if applicable:** If you are submitting this retirement application as Power of Attorney for a PERS member, you must submit the POA document for review. If you are submitting this application as a guardian of a PERS member, you must submit a copy of the court order appointing you guardian.

What Tier Am I?

PERS is a four-tier system. Some benefits differ depending on your tier. This packet is intended for Tiers I, II, and III (Defined Benefit plan) **only**. If you are in the Defined Contribution (DCR) plan, please contact the Division for information applicable to your benefit package. The following table will assist you in determining your tier.

Tier I <i>Entered PERS prior to July 1, 1986</i>	Tier II <i>Entered PERS on or after July 1, 1986, but prior to July 1, 1996</i>	Tier III <i>Entered PERS on or after July 1, 1996, but prior to July 1, 2006</i>

Section I

Minimum Requirements for Pension Benefits

Retirement Effective Date

By law, your retirement effective date will be the first of the month after all the following requirements are met:

- You meet the minimum service and age requirements for retirement. **You should not leave employment until you are absolutely certain that you are eligible to retire if you are close to being vested or completing other retirement requirements. It is your responsibility to be sure you are eligible for retirement before you terminate employment.**
- **You have terminated employment.** Active members must terminate employment no later than the end of a month to be eligible for retirement benefits effective the first of the following month. If you terminate your employment on the first day of the month, you will not be appointed to retirement until the following month.
- You have a bona fide termination of employment with no pre-arrangement to return to work in any capacity at the employer from which you are retiring. *See Section XI. Working After Retirement: Retiree Return to Work Policy (Bona Fide Separation of Employment)*, page 33.
- Your Retirement Application is received by the Division of Retirement and Benefits prior to the date you plan to retire.

Retirement Eligibility

You reach retirement eligibility by meeting either age or service requirements.

Age Requirements

Under early retirement, your monthly benefit is actuarially reduced based on age by 1/2 percent per month for each month under normal age. The closer you are to normal retirement age, the smaller the reduction. Under normal retirement, your monthly benefit is not reduced.

Caution: If you refund your PERS contributions and interest, you will not be eligible for PERS retirement benefits.

Service Requirements

You will be eligible to retire after you reach retirement age and satisfy the following service requirements.

You must have at least:

- five paid-up years of PERS service;
- 60 days of paid-up PERS service per session if you were an employee of the legislature during each of five legislative sessions and you were first hired as a legislative employee before May 30, 1987;
- 80 days of paid-up PERS service if you were an employee of the legislature during each of five legislative sessions and you were first hired under the PERS after May 29, 1987; or
- two paid-up years of PERS service if you are vested in the Teachers' Retirement System (TRS).

You may retire at any age and receive a normal (unreduced) benefit if you have:

- 30 paid-up years of PERS service; or
- 20 paid-up years of PERS service as a peace officer or firefighter.

Military service performed while not a member of PERS may NOT be used to satisfy the 20 or 30 years needed to retire at any age.

The following types of PERS service may count toward retirement eligibility:

- Permanent full-time and part-time employment with a PERS employer while the employer is participating in the PERS. Some PERS employers have agreed to pay additional contributions to allow employees to receive credit for their earlier service before the employer joined the PERS.
- Part-time State of Alaska service from 1961-1975
- Earlier service before January 1, 1961
- Past peace and correctional officer, firefighter, and special officer service
- Elected official service
- Alaska Bureau of Indian Affairs service
- Service earned while on occupational disability
- Military service performed under an active call of duty while an active member of PERS
- Leave Without Pay (LWOP) service after June 13, 1987, while receiving Workers' Compensation

Please note:

- Accrued LWOP that exceeds 10 working days in any calendar year is not creditable under the PERS.
- Military service performed while not a member of PERS that is claimed does not count toward retirement eligibility (vesting), but may increase your PERS service.
- In some cases, temporary service may be used for retirement eligibility. Contact the Division for more information.

It is always a good idea to ask your employer(s) to verify your PERS service before you terminate employment.

Verifying your service is especially important if you:

- have worked part-time, or
- just barely have enough PERS service to retire or for the 10 years required for Tier III system-paid medical, or
- have service with the Alaska Marine Highway System, or
- contributed to the PERS as an Alternate Option employee.

Concurrent PERS and TRS Credit

If you are a member of the PERS and Teachers' Retirement System (TRS) at the same time, you may receive partial credit under both systems. To be eligible, you must be employed at least half-time in both the PERS and the TRS concurrently and you must make the required contributions.

The total combined PERS and TRS credit that you may earn during a school year (July 1 through June 30 of the following year) may not exceed one year.

Concurrent Credit Adjustment

Credited service that exceeds one year must be adjusted and refunded. To ensure that you understand how the adjustment will affect your service, please contact the Division of Retirement and Benefits.

Simultaneous PERS and PERS Credit

If you are a member of the PERS and you have employment with two or more employers that participate in the PERS, and you are employed in a PERS eligible position, the total combined PERS service may not exceed one year per calendar year.

Section II

Pension Benefit Calculation

Service

Your pension benefit calculation is dependent upon the number of years of service you have as well as your average monthly salary.

PERS members working full-time earn service on a day-for-day basis. To receive credit for a weekend or holiday you must be in pay status the day before and the day after the weekend or holiday. Part-time PERS members earn service based on the number of hours worked with 1560 hours equaling a year of service. Part-time members cannot earn more than what the full-time service would be for any given period.

Since the number of years of service is a fundamental part of the retirement calculation, the more years of service you have, the higher your pension benefit will be. The PERS has several different types of non-PERS services that can be claimed. Please read *Section III. Using Claimed Service Credit to Potentially Increase Pension Benefits* (page 8) for more information. You will need to complete and submit a claim form if you have any of the service listed. Claim forms are available from our website at drb.alaska.gov or you may contact the Division.

IMPORTANT: You cannot retire from the PERS if you are actively working in the TRS with your PERS employer. For example, if you are retiring in the PERS from School District X, you cannot work for School District X in the TRS, post-retirement without it potentially affecting your PERS retirement. See *Section XI. Working After Retirement: Retiree Return to Work Policy (Bona Fide Separation of Employment)*, page 33.

Average Monthly Salary

Your salary history during your PERS employment is reviewed to determine which consecutive set of salary years will be used for the calculation of your Average Monthly Salary (AMS). Once determined, your total salary is divided by the number of months and partial months you worked to determine your monthly average.

To include your last salary as one of your highest, you must have at least 115 days of creditable service during that year. If you terminate employment before working 115 days, your last salary will not be included among your highest years.

Benefit Formula

The PERS benefit formula differs depending on whether you are a peace officer/firefighter member or an all-other member of the system. For peace officer/firefighter members, the formula is:

First 10 Years of Service	All Years Over 10
2% of AMS per year of service up to 10 years.	2.5% per year of service for all years over 10.

A peace officer/firefighter member who has 26 years of service and an AMS of \$2,000 per month would have their base pension benefit calculated as follows:

- $(2\% \times \$2,000) \times 10$ years; plus
- $(2.5\% \times \$2,000) \times 16$ years;
- equals \$1,200 per month.

This base pension would then be adjusted for early retirement, indebtedness, or joint and survivor option, depending upon the member's elections. The formula for all-other PERS employees is:

First 10 and all years served prior to July 1, 1986	All years over 10 served after July 1, 1986	All years over 20 served after July 1, 1986
2% of AMS per year of service.	2.25% of AMS per year of service.	2.5% of AMS per year of service.

An all-other member who has 26 years of service and an AMS of \$2,000 per month would have their base pension benefit calculated as follows:

- $(2\% \times \$2,000) \times 10$ years; plus
- $(2.25\% \times \$2,000) \times 10$ years; plus
- $(2.5\% \times 2,000) \times 6$ years;
- equals \$1,150 per month.

Again, this base pension would then be adjusted for early retirement, indebtedness, or joint and survivor option, depending upon the member's elections.

Geographical Differential (State of Alaska Employees)

Whether or not any geographic differential is included in the calculation of your AMS depends on your tier.

- **Tier I:** Geographic differential is included in your AMS.
- **Tiers II and III:** Geographic differential is included in calculation of your AMS if 50% of your service served in an area with a differential.

Important: Only service earned through employment with the State of Alaska can be considered to determine if Tier II and III members have 50% or more service served in an area with a differential. Geographic differential must have been received for 50% or more of PERS services earned through employment with the State of Alaska to be used in calculation of benefit.

Indebtedness Payments

An indebtedness can be established on your PERS account for several reasons:

- A prior refund of PERS contributions
- Qualified claimed service
- Deficient contributions

Payment(s) on a post-tax basis may be made directly to our Juneau office, or by arranging payroll deductions through your payroll office. Payments that are made with post-tax monies are not eligible for IRA rollover or tax deferred status.

There is also an option for payment that involves using a pre-tax transfer from certain Defined Contribution plans.

Please note: Because of the variety of allowed and non-allowed plan transfer types, you must contact the Division directly to determine if you, and the plan you wish to transfer the money from, are eligible to be used to pay an indebtedness.

If you plan on using a pre-tax transfer to pay your indebtedness, it must be initiated six weeks prior to your retirement date. Your retirement benefit cannot be processed until the pre-tax transfer is received.

If at retirement you have an indebtedness that has not been paid to the PERS, your monthly retirement benefit may be actuarially reduced over your lifetime, depending on the type of indebtedness.

Usually, indebtedness for service that is being used for retirement eligibility must be paid in full prior to retirement. Contact the Division for more information regarding this type of indebtedness.

For other types of indebtedness, a lifetime reduction to pay the indebtedness will only be applied if the resulting benefit is greater than the benefit calculated without the indebtedness and associated service.

Section III

Using Claimed Service Credit to Potentially Increase Pension Benefit

Claimed Service Used for Vesting or Retirement Eligibility

Claimed service increases the number of years of service used to calculate your pension benefit and can result in a higher pension amount.

The following types of claimed service may, when paid in full, count toward vesting or retirement eligibility and have the potential to increase your monthly pension benefit.

Note: Claimed service does not change your tier.

Type of Service	Description	Use for Vesting	Use for Retirement Eligibility
Part-Time Service	Part-time service with the State of Alaska prior to 1976.	No	Yes
Service Prior to 1/1/61	Permanent full-time employment with the State, former Territory of Alaska or U.S. Government in Alaska (excluding armed forces).	Yes	Yes
Past Peace Officer, Firefighter and Correctional Officer Service	Permanent full-time or part-time employment after January 1, 1961 as a peace officer, correctional officer, or firefighter with a municipality before it joined the PERS.	No	Yes
Special Officer Service	Permanent full-time or part-time employment as a special officer commissioned by the Alaska State Troopers if you have been an active peace officer, firefighter, or correctional officer in the PERS.	Yes	Yes
Elected Official Service Prior to January 1, 1981	Must have been a compensated elected official who did not waive credit.	Yes	Yes
Alaska Bureau of Indian Affairs Service	Non-teaching service with an Alaska BIA school.	Yes	Yes
Workers' Compensation Service	If you received Workers' Compensation benefits after June 12, 1987, and had been on Leave Without Pay (LWOP) during the Workers' Compensation period, you may claim the LWOP time for service credit.	Yes	Yes
Call to Active Military Duty	If you are called to active military duty from your PERS employment and report to your employer within 90 days of an honorable discharge, you may claim this time for service credit.	Yes	Yes

Claimed Service for Benefit Calculation Only

The following service can be claimed to potentially increase your benefit, but cannot be used to satisfy either vesting or retirement eligibility requirements:

Type of Service	Description
Military Service Served While Not a PERS Member	Can claim up to five years of active military service in the U.S. Armed Forces if honorably discharged. Tiers II and III may only claim this service if they are not receiving or eligible to receive a U.S. Government retirement benefit based on the same service.
Temporary Service	Can claim full-time temporary service with a PERS employer.
VPSO Service	Service as a Village Public Safety Officer if you have been an active peace officer.

Under certain circumstances, temporary service can also be claimed to meet retirement eligibility requirements at a separate, additional cost. Contact the PERS for more information regarding this provision.

Claimed Service for Peace Officer/Firefighter Military Service Credit for Medical Benefit Eligibility

Type of Service	Description
Military Service Served While Not a PERS Member (HB 116)	PERS peace officer/firefighter members of the PERS who are vested with 20 years of peace officer/firefighter service can claim active military service to meet the 25-year requirement for medical insurance prior to age 60 under AS 39.35.535. Can claim if you: 1) have 20 years of paid-up service under the P/F occupation code; 2) are within 12 months of your retirement eligibility date; 3) have filed a retirement application with the Division; and 4) you must not be eligible to receive a federal benefit for the same period of service.

After your claim is received (form 02-1897, *Application for Peace Officer/Firefighter Military Service Credit for Medical Benefit Eligibility*), an indebtedness is established. You may choose to pay the cost prior to retirement on a pre-tax or post-tax basis or take a lifetime reduction to your benefit to do so if it is monetarily beneficial. You must indicate on Section III of the Retirement Application form how you intend to pay the indebtedness.

Contact the PERS to find out how to claim service and how much it would cost.

Claimed service that can be used to meet retirement eligibility requirements usually must be paid in full prior to retirement.

A to P Conversion

If you were a dispatcher or worked in a correctional facility other than as a correctional officer, you may be eligible to convert this service to peace officer service and retire under the peace officer retirement formula. Please contact the PERS for more information about this conversion and cost associated with the conversion.

Section IV

Medical Benefits, Dental-Vision-Audio, and Long-Term Care Programs

Health benefits available from the Alaska Retiree Health Plan include Medical, Dental-Vision-Audio (DVA), and Long-Term Care (LTC). Enrollment information and available options are summarized in this section. Please refer to *What Tier Am I?* (page 2) in the introduction of this booklet to determine your tier for eligibility purposes.

All tiers must pay a premium for the optional DVA and LTC insurance benefits if elected. Tier II and Tier III members may pay for medical insurance if they are not eligible for system-paid benefits.

Premium payments will be deducted from your retirement check each month. If your monthly benefit is not sufficient to cover the cost of your medical, DVA, and/or LTC premiums, you are responsible to pay the premiums directly to the health plan. Premiums for medical, DVA, and LTC are subject to change annually.

If you are unable to pay the premiums from your retirement check, you will be sent a *Retiree Direct Bill Health Enrollment* (ben017) form once you are appointed to retirement. You must submit this form directly to the direct bill administrator within 60 days of the date you were notified of your right to enroll in this plan. You will receive a monthly bill from the direct bill administrator. **If you do not receive a form, please contact the Division. You will not have coverage unless this form is completed and submitted to the direct bill administrator.**

If you fail to pay the monthly premiums your insurance benefits will stop, and you will not be allowed to reinstate them.

This is only a summary of the benefits available. Complete descriptions are available in the *AlaskaCare Defined Benefit Retiree Insurance Information* booklet and *Long-Term Care* booklets, available on the Division website at AlaskaCare.gov. In the event of a conflict between this information and the plan booklets, the plan booklets will prevail.

Health Plan – Who May Be Covered

- You. **You must provide evidence of date of birth.**
- Your spouse. You may be legally separated, but not divorced. **You must provide proof of marriage and evidence of your spouse's date of birth.**
- Your children from birth up to 23 years of age only if they are:
 - ~ Your natural children, stepchildren, foster children placed through a State foster child program, legally adopted children, children in your physical custody and for whom bona fide adoption proceedings are underway, or a child who is placed with the retiree by an authorized placement agency or by judgment, decree, or other order of any court of competent jurisdiction;
 - ~ Unmarried and chiefly dependent upon you for support; and
 - ~ Living with you in a normal parent-child relationship.
 - » This provision is waived for natural/adopted children of the benefit recipient who are living with a divorced spouse, assuming all other criteria are met.
 - » Only stepchildren living with the retiree more than 50% of the time are covered under this plan.
- **Note: You must provide evidence of date of birth for each dependent.**

In accordance with Alaska Statutes 39.35.680(12):

- If your dependent child is age 19 or older, they are required to be registered at, and attending on a full-time basis, an accredited educational or technical institution recognized by the Department of Education and Early Development.
- If your dependent child is age 19 or older and is not a full-time student, then the dependent is eligible for coverage only if he or she is totally and permanently disabled. Please contact the Division for additional information about eligibility, and for information about how to provide proof of your dependent's disability.

Children incapable of employment because of a mental or physical incapacity are covered even if they are past age 23. However, the incapacity must have existed before age 23 and the children must continue to meet all other eligibility criteria, except for age and having to live with you in a normal parent-child relationship. You must furnish the Division evidence of the incapacity and proof that the incapacity existed before age 23. This proof must be provided no later than 60 days after their 23rd birthday or after the effective date of your retirement, whichever is later. Incapacitated children remain covered as long as the incapacity exists, and you continue to provide periodic proof of the continued incapacity as required. Children are not eligible for Long-Term Care (LTC) coverage.

When you retire, you must list your dependents under the health plan so claims may be paid. If your dependents change later, you must complete a form to add or delete dependents from your account.

If more than one family member is retired under a retirement plan sponsored by the State of Alaska, each eligible family member may be covered by this program both as a benefit recipient and as a dependent, or as the dependent of more than one benefit recipient.

If you elect or are provided with coverage for dependents, your dependents are eligible for benefits on the same day you are eligible if they meet all eligibility requirements. Medical coverage provided by the retirement system is full family coverage. If you must pay for medical coverage, you are required to elect the level of coverage that you want. If you add dependents, they will be covered immediately if you are purchasing coverage for them. Refer to the AlaskaCare Defined Benefit Retiree Insurance Information Booklet on *AlaskaCare.gov* for details about adding new dependents after retirement.

Tiers II and III only: If you must pay for medical coverage and elect dependent coverage during an open enrollment period, your dependents are covered on January 1, assuming you pay the required premium.

If you increase your coverage to include dependents following marriage or birth or adoption of a child, their coverage begins on the first of the month following receipt of your written request, if the request is received within 120 days from the date of the qualifying event.

To report your eligibility for health insurance to the direct bill administrator within the proper timeline, you must file your retirement application at least 60 days prior to your retirement date. Once your eligibility has been reported, you will be sent a welcome kit with information for using your health plan. Shortly afterward, the direct bill administrator will send you identification cards.

On one of the following: effective date of your retirement; or January 1 of the year following enrollment during an open enrollment; or on the first of the month following age 60 with 10 years of credited service, if first enrolling then.
Coverage Ends	When a pension benefit is no longer being paid.	When a pension benefit is no longer being paid or if required premiums are not paid.	When a pension benefit is no longer being paid or if required premiums are not paid.
Pre-Existing Conditions Limit	None.	None if elected at retirement or age 60. A limit may be applied if you elect medical coverage during an open enrollment.	None if elected at retirement or age 60. A limit may be applied if you elect medical coverage during an open enrollment.

Medical coverage provided by the retirement system or elected at retirement has no pre-existing conditions limitation. A pre-existing conditions limitation is applied if you select coverage for yourself or your dependents during open enrollment **only**.

Tier I members have family coverage at retirement which includes the member, spouse, and dependent children.

Eligible Tier II and III members who are electing coverage may elect for:

- retiree only;
- retiree and spouse;
- retiree and child(ren); or
- retiree and family.

You may decrease the level of coverage at any time. For example, you may change from retiree and family coverage to retiree and spouse coverage at any time. To decrease your coverage, you must submit a written request to the Division.

Changes in coverage are effective on the first of the month following the receipt of your written request. Once you decrease your coverage, you cannot reinstate it except as described below.

You may only increase coverage:

- during an annual open enrollment (Tiers II and III);
- within 120 days of marriage to include a new spouse and their child(ren); or
- within 120 days of birth or adoption of a child to include coverage for the new child.

Premiums for coverage are based on the level of coverage selected. **It is your responsibility to notify the Division in writing if your level of coverage changes because your dependents no longer meet the eligibility requirements.**

Dental-Vision-Audio (DVA) Plan

The State of Alaska is pleased to offer voluntary Dental-Vision-Audio (DVA) plans for benefit recipients and their eligible dependents. There are two DVA plan options: the Standard plan and the Legacy plan. The DVA Plans are bundled plans with a choice between Standard DVA and Legacy DVA. Enrollment is optional and premiums are required from all tiers. DVA premiums are subject to change. No pre-existing conditions limitation applies to the DVA plan. The DVA benefit year is January 1 through December 31 of each year. The *AlaskaCare Retiree DVA Plan Benefit Comparison* may help you compare the plans and decide which is a better fit for you and your family. The *AlaskaCare Defined Benefit Retiree Insurance Information Booklet* contains the complete benefit provisions for both plans.

* If you are not eligible for system-paid medical benefits at retirement, you may elect DVA with or without the medical plan at retirement, or during an open enrollment **only** if you did not enroll in the medical plan at retirement and are electing medical for the first time. You will have one final chance to enroll in DVA at age 60 if you first become eligible for automatic medical benefits at that time.

Other Health Plan Information

Coordination of Benefits

The AlaskaCare health plans coordinate benefits with other group health care plans to which you or your covered dependents belong.

You may be covered both as a retiree and as a dependent of another covered retiree or you may have more than one health plan. If that occurs, you will receive benefits from both plans (except for Long-Term Care which prohibits double AlaskaCare coverage). However, the benefits received will be subject to the coordination of benefits provisions as indicated in this section. Coordination of benefits assures no one receives more than 100% of covered benefits.

Order of Payment for Coordination of Benefits

To pay benefits, health plans must determine which plan pays first. Like most other health plans, the AlaskaCare plans follow the standard coordination of benefits rules adopted by the National Association of Insurance Commissioners.

Examples of common coordination of benefits (COB) situations and rules:

If You Are Covered Under...	How the Plans Pay
Active employee plan and retiree plan A plan covering the person as a retiree is secondary to a plan covering that person as an active employee.	Primary: Active employee plan Secondary: Retiree plan
Retiree plan and as dependent under another person's plan through active employment The plan covering the retiree directly, rather than as a dependent, is the primary plan.	Primary: Retiree plan Secondary: Other person's plan
Retiree plan and Medicare-eligible The retiree plan is secondary to Medicare, except if Medicare is provided before age 65 due to end stage renal disease. Then the retiree plan remains primary for 30 months after Medicare was effective.	Primary: Medicare Secondary: Retiree plan
Two retiree plans	Primary: Plan in force the longest Secondary: Other plan
Retiree plan, as an employee or dependent under a spouse's plan through active employment, and Medicare-eligible This order may differ if you are not eligible for Medicare Part A at no cost to you. Contact the Medicare Information Office for more details.	Primary: Active employee plan Secondary: Medicare Pays third: Retiree plan
Active employee plan, retiree plan, as dependent under another person's plan through active employment, and Medicare-eligible	Primary: Active employee plan Secondary: Other person's plan Pays third: Medicare Pays fourth: Retiree plan

- If a child is covered under both parents' plans, the plan of the parent whose birthday falls earlier in the year is the primary plan. If both parents have the same birthday, the plan that has covered a parent longer is the primary plan.

If none of these rules apply, the plan that has covered you longer is the primary plan.

For further information and details on coordination of benefits, please see the *AlaskaCare Defined Benefit Retiree Insurance Information Booklet*.

It is your responsibility to report the existence of benefits payable under any plan, and to file for those benefits.

Effects of Medicare

You and your eligible dependent must elect Medicare Part A and B at age 65, regardless of any other coverage you have.

When you or your eligible dependent are eligible for Medicare coverage (and most people are eligible at age 65), the benefits available under the retiree plan will become supplemental to your Medicare coverage. The direct bill administrator will assume that you and/or your dependents have coverage under both Medicare Part A and Part B when you or your dependent reach age 65. If you are not provided with Medicare Part A free of charge, you should submit a copy of your *Notice of Award* letter from Social Security. **Everyone is eligible for Medicare Part B.**

If you do not enroll in Medicare Part B coverage, the estimated amount that Medicare would have paid will be deducted from your claim before processing by this plan. If you receive care outside the United States, Medicare does not cover your expenses and the retiree plan will take this into account when processing your claims.

Medicare Part D

You do NOT need to enroll in an individual Medicare Part D plan. Once you become eligible for Medicare, you must provide your Medicare Number (Medicare Beneficiary Identifier or “MBI”) to the Division for enrollment in the AlaskaCare enhanced Employer Group Waiver Plan (EGWP). This is a group Medicare Prescription Drug Plan (PDP) that includes comprehensive drug coverage that is the same as that offered to non-Medicare eligible members. Visit AlaskaCare.gov/EGWP for more details.

Income Related Monthly Adjustment Amount (IRMAA)

Certain high-income retirees are required to pay an extra premium surcharge, known as an Income Related Monthly Adjustment Amount, or IRMAA. If you are charged a Medicare Part D IRMAA premium surcharge for your prescription drug coverage, the Division of Retirement and Benefits will reimburse you for the full cost of the Medicare Part D premium surcharge each month, through a tax-advantaged Health Reimbursement Arrangement (HRA) account. Please visit AlaskaCare.gov/IRMAA for more information and how to request reimbursement.

Long-Term Care (LTC)

Long-Term Care involves a variety of services designed to meet personal care needs. These services help people live as independently and safely as possible when they can no longer perform everyday activities on their own. The most common type of long-term care is getting help with everyday activities, also called “activities of daily living” or ADLs. Examples of these activities include bathing, dressing, using the toilet, and eating. These activities are considered “custodial” in nature. Custodial care expenses associated with activities of daily living are typically not covered by Medicare or the AlaskaCare Retiree Health Plan. LTC plans can help defray part of the costs of covered benefits.

The Long-Term Care (LTC) plan has a pre-existing conditions limitation.

No benefits are payable for any covered Program of Care provided or begun prior to the effective date of your coverage or during the first 12 months of coverage if caused by a pre-existing condition. Pre-existing conditions are conditions for which you received diagnosis, tests, or treatment (including taking medication) during the three consecutive months before the most recent day you became covered under this plan. For example, if your coverage begins on April 1, a pre-existing condition would be one for which you received diagnosis, testing or treatment during January, February, and/or March.

You may elect to cover your spouse if you elect coverage for yourself before the effective date of your retirement. You may be legally separated from your spouse but not divorced.

Spouses of benefit recipients who lose coverage because of death or divorce may elect coverage for themselves only and may not elect coverage for a new spouse. If you choose coverage for yourself only because you are not married at the time you retire, or if you remarry following divorce or the death of your spouse and elect coverage for yourself, you may request in writing to cover your new spouse within 120 days after your marriage. Your new spouse will be required to provide information on his or her health and will be subject to approval or denial by the direct bill administrator.

You may be covered by only one AlaskaCare LTC plan at a time. If you are covered by your own LTC plan, your spouse cannot have LTC coverage for you under their retirement benefit. If you are covered under your spouse's LTC plan, notify the Division when you retire, so the LTC coverage can be moved to your own retirement benefit or terminated if you elect a new option.

Premiums are based on your age and your spouse's age at the time coverage begins. You pay the premiums for this coverage through deduction from your monthly retirement check. You self-pay premiums directly to the direct bill administrator if your monthly retirement check is insufficient to pay your premiums. Your premium does not increase with age; however, overall premiums are subject to change. When premiums change, you will pay the new rate for the age you were at the time you enrolled in the plan.

	Nursing Facility Daily Benefit		Lifetime Maximum Benefit	
Year	Simple Inflation (Gold)	Compound Inflation (Platinum)	Simple Inflation (Gold)	Compound Inflation (Platinum)
Start	\$200	\$200	\$300,000	\$300,000
5	250	255	375,000	382,884
10	300	326	450,000	488,668
15	350	416	525,000	623,678
20	400	531	600,000	795,989
25	450	677	675,000	1,015,906
30	500	864	750,000	1,296,583

The example of inflation protection is illustrative only. Increases in inflation protection will end when the covered member reaches age 85.

Limitations and Exclusions

The following services are not covered and no benefits are payable for:

- a loss caused by declared or undeclared war or any such act
- a loss caused by a suicide attempt or an intentionally self-inflicted injury
- a confinement in a government institution, unless the covered individual is legally obligated to pay a charge
- services received or expenses incurred on any day the covered individual is confined to a hospital
- services or expenses that are covered by the AlaskaCare retiree group medical plan
- services received or expenses incurred outside the United States
- services provided by a person who usually resides in the covered individual's home, or is a member of the covered individual's family, or when the person performing the service normally does not charge for the service
- services received for which the covered individual is not legally obligated to pay
- services received which are covered by Medicare
- services provided or required because of the past or present service of any person in the armed forces of a government
- services provided or required under any law or governmental program except Medicaid

If you have questions about coverage under this plan, contact the Member Education Center toll-free at (800) 821-2251 or in Juneau at (907) 465-4460.

Frequently Asked Questions

My spouse is retired and has the Long-term care (LTC) plan for both of us. Can I elect LTC too?

You may not have two LTC plans for either you or your spouse. If your spouse has LTC, you may either keep the coverage you have under that plan or you may elect a different LTC option for you, your spouse, or both of you under your benefit. If you elect to keep the LTC your spouse has for you, be sure to let the Division know so that your coverage/premium can be moved to your retirement benefit.

What if my check isn't enough to pay the premium(s) for my health benefits?

If you are unable to pay the premiums from your retirement check, you will be sent a Retiree Direct Bill Health Enrollment form once you are appointed to retirement. You must submit this form directly to the direct bill administrator within 60 days of the date you were notified of your right to enroll in this plan. You will receive a monthly bill from the direct bill administrator. If you do not receive a form, please contact the Division. You will not have coverage unless this form is completed and submitted to the direct bill administrator. If you fail to pay the monthly premiums your insurance benefits will stop, and you will not be allowed to reinstate them.

Can I have two Dental-Vision-Audio (DVA) plans?

Yes. If you have a second retirement (you retire from TRS and then from PERS, for example), you may elect coverage under both benefits. However, you are not able to elect the Standard DVA Plan under one retirement and the Legacy DVA Plan under the other. If you are covered by your spouse, you may elect to have a second plan for yourself or yourself and your eligible dependents. In this case, you may select different plans and cover each other as dependents.

The benefit to having two DVA plans is they coordinate to pay 100% of covered expenses. For example, a filling is covered at 80% under one plan and the second plan pays the remaining 20%. In addition, any annual dollar limits are doubled. For example, the Legacy Dental Plan has a \$2,000 maximum and each plan pays up to \$2,000, for a total of \$4,000, for covered expenses. Service limits, one eye examination per year for example, are not doubled.

What are some of the differences between the Standard and the Legacy Dental Plans?

Standard Dental Plan

- Annual dental benefit maximum is \$3,000.
- Preventive services do not count toward the annual dental benefit maximum
- Features access to Delta Dental's wide Premier network of providers, as well as access to an additional PPO network that saves you even more money when you use a PPO dentist. Better prices mean you can receive coverage for more services before you reach your annual benefit maximum.
- Supports evidence-based coverage limitations, including those developed by the American Dental Association, such as frequency and age limitations for exams, cleanings, and periodontal maintenance.
- Pays less if you visit an out-of-network dentist.

Legacy Dental Plan

- Annual dental benefit maximum is \$2,000.
- Preventive services do count toward annual dental benefit maximum.
- Does not have pre-determined frequency or age limitations on most services.
- Features a wide dental network, Delta Dental's Premier dental network, that saves you money when you use a network dentist.
- Pays out-of-network dentists at a higher rate.

Standard Vision Plan

- The Standard Vision Plan includes the Vision Service Plan (VSP) provider network. Network providers will determine the member cost share, file a claim with VSP, and only bill the member for their appropriate portion.
- Members who obtain vision care from an out-of-network provider will be responsible for an increased share of the costs under the Standard DVA plan than they would under the Legacy DVA plan. Visit VSP.com to verify if your provider is a network provider or if there is a VSP network provider near you.
- Members who do not have access to a VSP provider within 25 miles can contact VSP ahead of time to verify provider availability and request pre-approval for in-network benefits.

Legacy Vision Plan

- The Legacy Vision Plan does not use a vision provider network and applies an 80% coinsurance to all covered services.
- There are no network discounts, and members typically pay out-of-pocket for vision services at the time they are received and submit manual claims for reimbursement.

What are the network differences between the Standard and the Legacy Dental-Vision-Audio (DVA) Plans?

Standard DVA Plan: Standard Vision

- The Standard Vision Plan includes the Vision Service Plan (VSP) provider network. Network providers will determine the member cost share, file a claim with VSP, and only bill the member for their appropriate portion.
- Members who obtain vision care from an out-of-network provider will be responsible for an increased share of the costs under the Standard DVA Plan than they would under the Legacy DVA Plan. Visit VSP.com to verify if your provider is a network provider or if there is a VSP network provider near you.
- Members who do not have access to a VSP provider within 25 miles can contact VSP ahead of time to verify provider availability and request pre-approval for in-network benefits through an out-of-network provider.

Legacy DVA Plan: Legacy Vision

- The Legacy Vision Plan does not use a vision provider network and applies an 80% coinsurance to the recognized charge for all covered services.
- There are no network discounts. Members typically pay out-of-pocket for vision services at the time they are received and submit manual claims for reimbursement.

Standard DVA Plan: Standard Dental

- Features access to Delta Dental's wide Premier network of providers, as well as access to an additional PPO network that saves you even more money when you use a PPO dentist. Better prices mean you can receive coverage for more services before you reach your annual benefit maximum.
- Pays less if you visit an out-of-network dentist than the Legacy Dental Plan.

Legacy DVA Plan: Legacy Dental

- Features access to Delta Dental's wide Premier network of providers that save you money when you use a network dentist.
- Pays out-of-network dentists at a higher rate than the Standard Dental Plan.

What if I travel or live outside the United States?

Your medical and DVA coverage is good worldwide, with the exception of non-emergent travel benefits, which are only available for medical services in the United States. Ambulance services are covered under the medical plan world wide. You may have to pay the cost of the claim up front and file for reimbursement. Long-Term Care is not available outside the United States.

How is this plan different from the plan I have while I'm working?

Most likely the State of Alaska Retiree Health Plan will differ from the insurance plan you have as an active PERS employee. One of the prime differences is that coverage for medical service and dental, vision and audio services are separate options.

The Medical plan includes coverage for preventive services, hospitalization, medical, surgical, maternity care, and other services necessary for the diagnosis and treatment of an injury or disease for you and your eligible dependents. It also includes pharmacy benefits. The health care coverage is good worldwide.

The Dental-Vision-Audio (DVA) plan is an optional plan that all defined benefit retirees have an opportunity to elect.

Another optional plan available to defined benefit retirees is Long-Term Care Insurance (LTC).

Where can I go to find the health plan third-party administrator contacts?

Section V

Rights of Spouses and Dependents

Under the PERS, there are provisions that recognize the rights of spouses and dependents to receive PERS benefits. These provisions:

- require that the benefit payable to a married member who retires be in the form of a Joint and Survivor (J&S) pension, unless the spouse consents to another form of benefit; and
- allow a former spouse to be treated as a spouse/surviving spouse of a member, to the extent required in a qualified domestic relations order (QDRO), as part of the property settlement in a divorce or dissolution judgment. Rights of a former spouse and dependents under a QDRO may take precedence over other rights under the retirement system statutes.

If you wish to continue both pension benefits and health benefits to your spouse in the event of your death, you must have elected a survivor option, otherwise all benefits cease at your death.

If you were married during your PERS service, and subsequently your spouse has died, you will need to submit a **certified** copy of the death certificate when you apply for your benefits.

If you remarry, you will need to submit a **certified** copy of the marriage certificate for retirement and/or health insurance purposes.

Joint and Survivor Options

There are various types of benefits available, including the 50% and 75% Joint and Survivor (J&S) options and, for Tiers I and II, the 66-2/3% Last Survivor. Your election is irrevocable and is applicable to your spouse at the time of retirement only.

Selection of any one of the J&S options will provide a continuing, lifetime monthly benefit, including eligibility for health benefits, to your spouse or other eligible dependent if you die before your spouse or other eligible dependent. If you were hired after July 1, 1986 (Tiers II and III), your spouse must be age 60 to be eligible for health benefits, unless you retired with 30 years of service.

If you do not choose a J&S option, all benefits, including medical, cease at your death.

Married members are required by PERS statutes to select a J&S option when they retire. This requirement will be waived if a member's spouse gives written consent to another type of benefit to the PERS administrator.

The 50% J&S option is automatically required when (1) a member fails to select a J&S option, and the spouse does not consent to another type of benefit, or (2) a member dies prior to the effective date of retirement (even if an application designating a different J&S option was previously submitted).

If the spouse consents, the member may select another retirement option (normal, early, or level income) that will pay monthly benefits to the member during his or her lifetime, **but will not pay monthly benefits or medical coverage to the spouse after the member's death**. The spouse's consent to another type of benefit may be made **before** the member's retirement date on the *Application for Retirement Benefits* in Section II B.

A joint and survivor benefit election will reduce your regular retirement benefit.

 **Caution:** Under the 66-2/3% Last Survivor option, your entire benefit will be reduced to the 66-2/3% survivor benefit if your spouse dies first. Only a spouse of a member at the time the member retired may be treated as a surviving spouse.

A joint and survivor option elected at retirement is irrevocable.

Beneficiary Designation

If you are married at the time of your death and you were married to the same person during part of your PERS employment, your spouse is automatically your beneficiary, regardless of your written designation, unless:

- your spouse consents to another beneficiary; or
- another person (such as a former spouse) is eligible for the benefits under a qualified domestic relations order (QDRO). That person would be entitled to the portion of the benefit that is ordered by the QDRO.

If you fail to designate a beneficiary, or if no designated beneficiary survives the member, the administrator will pay the death benefit:

- 1) to the surviving spouse or, if there is no surviving spouse;
- 2) to the surviving children in equal parts or, if there is none surviving;
- 3) to the surviving parents in equal parts or, if there is none surviving;
- 4) to the member's estate.

See *Designation of Beneficiary* in the *PERS Information Handbook* for more information.

How a Divorce Affects Retirement Benefits

If you have been divorced or had your marriage dissolved during your PERS employment, you are required to submit a court-certified copy of your divorce decree and the property settlement agreement or your petition for dissolution.

Following a post retirement divorce/dissolution, an ex-spouse who was married to a member when the member retired and elected a joint and survivor option continues to be eligible for the survivor benefit, (and any associated medical benefits) in the event of the death of the member. A future spouse of a retired member who married the member after the member retired may not be treated as a surviving spouse under any circumstances. A former spouse may be eligible for all or part of a PERS benefit under a qualified domestic relations order (QDRO).

Required Information in the Event of a Divorce

Individuals who are entitled to benefits because of a qualified domestic relations order (QDRO) must file evidence of their entitlement with the PERS administrator to protect their rights.

Evidence of entitlement (court-certified divorce or dissolution decree, or QDRO) should be filed with the PERS administrator immediately after the change in marital status.

Section VI

Evidence of Birth Date

With your retirement application, you must provide proof of the dates of birth for yourself, spouse, and any dependent children. The following documents are acceptable to use as evidence of birth date:

- Birth certificate
- Hospital birth records certified by custodian of such records
- Affidavit regarding attending physician's record of birth
- Notification of birth in public newspaper
- Baptismal certificate (if date of birth is included)
- Record of military service
- Valid and unexpired state-issued driver's license or identification card
- U.S. passport, unexpired

You may submit copies of the documents. Any documentation not in the English language must be accompanied by a certified translation.

Section VII

Taxes and Your Benefits

PERS benefits are taxable by the federal government as soon as they are received. Division of Retirement and Benefits employees do not give tax advice. Please see your tax advisor for information regarding the level of taxation you should select.

Tax Excludable Benefits

Pension benefits are taxable by the federal government upon receipt. However, a portion of your monthly benefit may be tax excludable if you paid contributions to the system prior to 1987 or made taxed contributions for an indebtedness.

The federal government requires that the tax excludable amount be calculated based on your total contributions, which have been taxed and a factor which takes into account your life expectancy. If a survivor's benefit will be payable after your death, your spouse's life expectancy will also be taken into account.

This results in a payout of your tax-excludable contributions over your expected lifetime and your spouse's if a survivor's benefit will be payable after your death.

You will be notified of the tax excludable portion upon your appointment to retirement.

Monthly survivor's benefits are taxable by the federal government upon receipt. However, a portion of the monthly survivor's benefit may also be tax excludable depending on the member's circumstances at the time of death.

Federal Income Tax Withholding

At the time of retirement, you will need to complete a Withholding Certificate for Pension or Annuity Payments (W-4P).

You may change your withholding option at any time by submitting a new Withholding Certificate for Pension or Annuity Payments (W-4P).

Federal income tax will automatically be withheld from your benefit if, when you are appointed to receive monthly benefits, you do not complete the included IRS form W-4P. The tax rate for a single person with zero adjustments will be used to determine the withholding amount.

If you do not specify your withholding allowances, the Division will default your withholding to single and zero adjustments.

Tax Consequences of Reemployment with the Same Employer During the Required Break-in-Service Period

Retirees may incur additional tax penalties if they reemploy with the State of Alaska in any capacity without observing the break-in-service requirements. Please refer to *Section XI. Working After Retirement: Retiree Return to Work Policy (Bona Fide Separation of Employment)*, page 33 for more information.

State Income Tax If You Live Outside of Alaska

Although Alaska does not have a state income tax, members who live outside Alaska may be required to pay state and local income taxes on benefits that they receive. The Division of Retirement and Benefits will not withhold state income taxes. Check with a tax expert in your area for more information.

Section VIII

After Retirement Benefit Increases

Alaska Cost-of-Living Allowance (COLA)

The Alaska Cost-of-Living Allowance (COLA) was developed in 1966 to help retirees who remain principally domiciled in the State of Alaska, to defray some of the higher cost of living in Alaska. The amount of COLA for eligible participants is 10% of their final base retirement benefit per month or \$50 per month, whichever is higher. Eligible members must be principally domiciled and physically present in the state to receive this benefit.

If you reside in Alaska after you retire, you may receive an Alaska COLA in addition to your regular monthly benefit. COLA is equal to 10% of your base benefit or \$50, whichever is more. (Please refer to *What Tier Am I?* on page 2 of the introduction of this booklet for eligibility information.)

If you are not eligible for COLA at retirement, but will become eligible at age 65, you must apply for COLA on the *Application for Alaska Cost-of-Living Allowance* form (02-1896). The form is available on the Division of Retirement and Benefits website at drb.alaska.gov. **Receipt of COLA is not automatic.**

“Residing in Alaska” means domiciled and physically present in Alaska. A domicile is that place where you have your true, fixed, and permanent home and principal establishment and to which, whenever you are absent, you intend to return. An absence exceeding 90 days constitutes a break in residency for COLA purposes. If you receive a property tax exemption, or any other exemption or benefit, in another state based on claiming legal residency in that state, you are not eligible for Alaska COLA.

If you receive Alaska COLA to which you are not entitled, you must repay the amount received in error, plus interest. For example, if you left Alaska with the intent to return within 90 days, but did not return until the 91st day or later, you must repay COLA back to the day you left Alaska.

Example of the 90-day rule:

Day Left Alaska	Day Return to Alaska	Number of Days	Result
09/01/2022	11/30/2022	90	No Overpayment
09/01/2022	12/01/2022	91	Overpaid for October, November, and possibly December

Post Retirement Pension Adjustments (PRPA)

Your PERS benefit will grow over time if there are increases in the Consumer Price Index for Urban Wage Earners in the Anchorage area. The PRPA is paid to all eligible retirees regardless of where they live. (Please refer to *What Tier Am I?* on page 2 of the introduction of this booklet for eligibility information.)

The amount of the PRPA will depend upon the recipient's age and how long the recipient has been receiving PERS benefits.

PRPAs are calculated effective July 1 each year by multiplying the recipient's base pension benefit, including any prior PRPAs, by:

- 75% of the cost-of-living increase in the preceding calendar year or 9%, whichever is less, if the recipient is at least age 65 or on PERS disability on July 1; or
- 50% of the cost-of-living increase in the preceding calendar year or 6%, whichever is less, if the recipient is at least age 60 or has been receiving PERS benefits for at least five years as of July 1.

Eligible recipients who have not received pension benefits during the entire preceding calendar year will receive a prorated PRPA.

If selecting a 50% or 75% Joint and Survivor option, the survivor will receive a reduction in all PRPAs accrued during the member's retirement if the member predeceases their spouse. If selecting the 66-2/3% Last Survivor option, your entire benefit will be reduced to the 66-2/3% survivor benefit if your spouse dies first. This includes a reduction in all PRPAs you accrued in retirement.

Section IX

Voluntary Savings Plan

The Voluntary Savings Plan is an account funded solely by post-tax, voluntary contributions from a Public Employees' Retirement System (PERS) employee. Contributions made to a Voluntary Savings Plan are separate and completely independent of the mandatory contributions that each PERS employee is required to make to the retirement system as an active employee. You can locate your account balance at myRnB.alaska.gov, on your account summary page.

Lump Sum

You can elect to receive payment in a lump sum, with or without taxes withheld.

Life Annuity Options

Life annuity payment options are irrevocable once the payment option has been initiated and you receive the first payment. Upon request, the Division of Retirement and Benefits will provide estimations of benefits to members through factors provided by the Actuarial Analyst of the insurance company. These factors are subject to change and will be updated every quarter. Provided estimations are not to be construed as representative of actual benefits from the purchase of an annuity. The annuity options available are:

- **Life Annuity.** A Life Annuity is a lifetime benefit to the member. All benefits cease upon the death of the member. There are no survivor or beneficiary benefits.
- **Life Annuity with Five Year Term-Certain.** Life Annuities are lifetime benefits paid to the member. If the member dies prior to the Five Year Term-Certain, the designated beneficiary would receive the remaining payments until a total of the Five Year Term-Certain payments have been paid.
- **Life Annuity with Ten Year Term-Certain.** Life Annuities are lifetime benefits paid to the member. If the member dies prior to the Ten Year Term-Certain, the designated beneficiary would receive the remaining payments until a total of Ten Year Term-Certain payments have been paid.

Installments over a Designated Period of Time

Installments are a monthly benefit that can be stated in terms of months (examples: 1-1/2 years can be expressed as 18 months). This is the full balance of the Voluntary Savings plus accrued interest to the date of retirement divided by the designated period of time as elected by the member. Should you die prior to the designated period of time, the remaining payments will be paid to the designated beneficiary(s) in a lump sum.

Section X

Life Insurance

State of Alaska-Sponsored Life Insurance Plan

State of Alaska employees, political subdivision employees, and Department of Education and Early Development employees participating in the State of Alaska Select Life Insurance benefits may elect to continue this coverage if you were participating at the time you terminated employment. After retirement, your Select Life plan will be called Optional Life. Premiums are calculated based on your coverage amount and age, up to \$60,000 or \$100,000 - based on your bargaining unit, and will be deducted from the monthly benefit check.

There are a few differences in Select Life Insurance (while actively employed) and Optional Life Insurance (while retired):

- The Accidental Death and Dismemberment (AD&D) benefit is not available after retirement.
- Some dependent coverage is available:
 - ~ Your spouse is covered for \$1000.
 - ~ Dependent children are covered at a level based on the age at the time of death (\$100 up to \$500).

Decreases are allowed to the plan post-retirement with the following rules:

- Decreases in coverage are allowed upon appointment to retirement or one time each calendar year after.
- Decreases are allowed in \$5,000 increments.
- To request a decrease in coverage, complete and submit the *Retiree Select/Optional Life Insurance Continuation/ Waiver* form (02-1858), or decrease the level of coverage on page F-9 of the retirement application.
- Coverage may not be decreased below a total of \$5,000.
- Once decreased, coverage may never be increased under this plan.

Premium increases occur in January based on your age category. For more information on premiums, visit our website at drb.alaska.gov.

Converting Employer-Sponsored Life Insurance Plans

If you are participating in a group life insurance plan sponsored by your employer, you may be able to convert this coverage to a private policy. Please contact your employer's human resources office for more information.

Section X /

Working After Retirement: Retiree Return to Work Policy (Bona Fide Separation of Employment)

Reemployment with a Non-PERS Employer

PERS members may work for any non-PERS employer or in a nonpermanent or temporary position with a PERS employer without affecting their retirement benefits.

Returning to PERS-covered employment, however, will cause your retirement benefit to cease. Special restrictions exist for members who retire under a Retirement Incentive Program (RIP).

Returning to Work with a PERS Employer After a Normal Retirement

Normal retirement is defined as retiring with either age or service eligibility for an unreduced retirement benefit. Normal age retirement is age 55 for Tier I and age 60 for Tiers II and III, 30 years of service for “all others,” or 20 years of service for peace officers/firefighters, at any age. (Normal retirement does not include RIP retirees.)

Non-permanent and temporary positions with the same employer are subject to the Bona Fide Separation of Employment rules.

If you return to work in a permanent full-time or part-time PERS-eligible position after retirement, your retirement benefits are stopped and you earn a second pension benefit based on the service and salaries earned during the second period of employment.

It is your responsibility to notify the Division if you have returned to work in a PERS-eligible position so your benefit can be stopped and you can avoid an overpayment of benefits.

When you retire again, if you first entered the PERS prior to July 1, 1977, your first and second retirement benefits may be calculated together as if you had not retired. You will receive an adjusted benefit based on what you received on early retirement and your reemployment segment. If you were hired after July 1, 1977, you will receive your original retirement benefit and a second benefit based on your back-to-work employment segment and salaries.

If you return to work with a PERS employer and you elected any level of Long-Term Care (LTC) at your normal retirement, you must pay the monthly LTC premiums directly to the vendor. If you do not make direct payments during your return to work, you will not be covered and will not be able to elect LTC at the time of your second retirement.

Returning to Work with a PERS Employer After an Early Retirement

If you retire under the early retirement provisions and subsequently return to PERS-covered employment, your retirement benefits will stop, and you will earn a second pension benefit based on the service and salaries earned during the second period of employment. This benefit will have an actuarial increase based on the duration of your reemployment and the difference between your early retirement compared to a normal retirement benefit.

Non-permanent and temporary positions with the same employer are subject to the Bona Fide Separation of Employment rules.

Employment in any Capacity with the Same Employer After Retirement

The PERS retirement plan established by AS 39.35.095 – 39.35.680 is intended to qualify under 26 USC 401(a) and 414(d) of the Internal Revenue Code (IRC) as a qualified governmental retirement plan. To preserve the qualified status of the PERS, the Division must adopt and enforce IRC regulations. The IRC and Alaska law require a bona fide termination of the employee/employer relationship.

PERS retirees may not return to employment with the same employer in any capacity without observing the required break-in-service periods and must have no pre-arrangement for re-employment prior to their retirement date.

Non-permanent and temporary positions with the same employer are subject to the Bona Fide Separation of Employment rules.

A retiree who has a pre-arrangement for employment prior to retirement will be considered to not have had a valid termination of employment, invalidating their retirement. **All retirement benefits paid, including medical claims, will be required to be repaid to the system.**

A retiree who has no pre-arrangement for employment who returns before the required break-in-service period has elapsed will have their retirement benefit suspended until the retiree has terminated employment. The retiree will have to serve a new break-in-service period after the termination before they can be reemployed in any capacity by the same employer. ***If a retiree is under 59-1/2, all retirement benefits received will be reported to the Internal Revenue Service as an early distribution and the retiree may be subject to tax penalties.***

Once you have had a required break-in-service period, you may again employ with same employer, in a position that is not PERS-contributing.

Break-in-Service Requirements

Retirees age 62 or older may return to employment with the same employer after a 60-day break in service. Retirees younger than age 62 may return to employment with the same employer after a six-month break in service.

PERS RETIREMENT APPLICATION

TO ALLOW TIMELY PROCESSING OF YOUR RETIREMENT APPLICATION, ALL AREAS OF THE APPLICATION FORM MUST BE COMPLETED. FAILURE TO COMPLETE THE APPLICATION WILL DELAY THE PROCESSING OF YOUR APPLICATION AND THE PAYMENT OF YOUR BENEFIT.

This packet includes a retirement application form. Your application form must be received by the Division or postmarked no later than the last day of the month prior to your desired retirement effective date.

All retirement effective dates for eligible retirees are the first of the month following termination of employment and receipt of the retirement application. Health insurance coverage is effective on the date of your retirement if you enroll in the plans. The required premiums are paid either by direct deduction from your retirement check or self-payment to the health plan.

To avoid delays:

- **Bona Fide Termination:** Ensure you will have a bona fide termination from your employer. See *Section XI. Working After Retirement: Retiree Return to Work Policy (Bona Fide Separation of Employment)*, page 33.
- **Evidence of Date of Birth and Marriage:** Provide evidence of date of birth and proof of marriage.
- **Divorce or Dissolution:** If you have been divorced or had your marriage dissolved during your PERS employment, you must provide a court-certified copy of your divorce or dissolution documents. You will not be appointed to retirement until all required court-certified documents are received.
- **Alaska Marine Highway System (AMHS):** If you have service earned through the Alaska Marine Highway System (AMHS), please request verification of salary and service from your employer prior to applying for retirement.
- **Claimed Service:** Submit any applications for claimed service at least 6 weeks prior to your retirement effective date.
- **Signature Required:** You must sign your application on page F-10. To avoid delays in health coverage reporting, we request you file your application 60 days prior to your retirement effective date.

IMPORTANT NOTICE! When your retirement application has been processed, you will receive a letter from the Division summarizing your elections. Please read this letter carefully and report any discrepancies between the letter and your intended elections immediately. Corrections to your elections can only be made within 15 days of the date you receive your appointment letter or your first benefit check, whichever is later.

First Retirement Check

Pension benefits are paid at the end of each month. **The processing of your first benefit check can take approximately six weeks from your retirement effective date.** Once your application has been processed, benefit checks will be automatically issued at the end of each month.

If you have elected electronic direct deposit, your checks will be electronically deposited into your bank account once the pre-notification process has been completed. The pre-notification process typically occurs around the 13th of each month. Please be aware that if we are unable to process your retirement before the pre-notification process, your first benefit check may be delivered to your mailing address. You can view a detailed accounting of your deposit online each month at myRnB.alaska.gov.

Pull this application form out from the center of the booklet and mail your completed form to:

**Alaska Public Employees' Retirement System
Division of Retirement and Benefits
P.O. Box 110203
Juneau, AK 99811-0203**

Your application also may be emailed to doa.drb.RetirementProcessing@alaska.gov or faxed to (907) 465-3086.

PERS RETIREMENT APPLICATION INSTRUCTIONS

To allow timely processing of your retirement application, all areas of the application form **MUST** be completed. We have included this instruction sheet to assist you. If you have any questions regarding the benefits you are electing on the application form, please contact the Division of Retirement and Benefits toll-free at (800) 821-2251 or in Juneau at (907) 465-4460 and speak to a retirement counselor.

- I. Employee Information.** Your Retirement Identification Number (RIN) can be found on your annual statements. Be sure to include a personal telephone number and your personal email address so PERS processing staff can reach you if there is any problem with the processing of your application or if additional information is required.
- II. Pension Benefit Election.** If you are married: See *Section V. Rights of Spouses and Dependents*, page 25, for an overview of the benefit elections. If you are married, you must elect a survivor option unless your spouse waives continuing benefits. You must provide a marriage certificate and evidence of your spouse's date of birth. In Section A, you will complete the information regarding your survivor and choose the level of continuing survivor benefits you wish to provide.

If you are married and wish to make an election from Section B, you must have your spouse waive their right to a survivor benefit. **Once waived, all benefits, including medical insurance, cease at your death if you choose no survivor option.**

If you are single, you must choose a benefit option from Section B.

Incapacitated Dependent Child: To elect an incapacitated dependent child as your survivor, you must submit medical documentation substantiating incapacity and dependency for review by the Administrator. If you are married, your spouse must waive their right to benefits. Approval by the PERS Administrator is required.
- III. Indebtedness Payment.** See *Section II. Pension Benefit Calculation*, page 5.
- IV. Employee Voluntary Savings Account.** See *Section IX. Voluntary Savings Plan*, page 31.
- V. Application for Alaska Cost-of-Living Allowance (COLA).** See *Section VIII. After Retirement Benefit Increases*, page 29.
- VI. Tax Withholding Election.** You must include a completed W-4P form with your retirement application. See *Section VII. Taxes and Your Benefits*, page 28.
- VII. Electronic Direct Deposit Authorization.** Complete this section if you want your benefit electronically deposited directly to your financial institution.
You must attach a voided check (or the separate direct deposit form signed by your bank if depositing to a savings account) in the specified area.
- VIII. Health Benefit Enrollment.** See *Section IV. Medical Benefits, Dental-Vision-Audio and Long-Term Care Programs*, page 10. This may be your only opportunity to enroll.
- IX. Retiree Health Dependent Enrollment.** See *Section IV. Medical Benefits, Dental-Vision-Audio and Long-Term Care Programs*, page 10.
- X. PERS Beneficiary Designation.** See *Section V. Rights of Spouses and Dependents*, page 25.
- XI. Retiree Select Life Enrollment.** See *Section X. Life Insurance*, page 32.
- XII. Divorce/Dissolution.** If you were married at any time during your PERS service and your marriage ended by divorce or dissolution, you must submit **court-certified copies of your divorce or dissolution documents. You will not be appointed to retirement until all required court-certified documents are received.** See *Section V. Rights of Spouses and Dependents*, page 25.
- XIII. Certification.** Please read this section carefully. Some of the benefit options you elect are irrevocable. Be sure you understand your options before you sign and submit this application. If you have any questions, please contact the Division and ask to speak to a retirement counselor.

You must certify you have read the information contained in *Section XI. Working After Retirement: Retiree Return to Work Policy (Bona Fide Separation of Employment)* on page 33, explaining the requirements for a bona fide termination of employment. You must also certify that you do, or do not, have a pre-arrangement with your employer to return to work after retirement. If you do have a pre-arrangement to return to work with your employer, your retirement application will not be processed.

ATTACH A VOIDED CHECK HERE
(used to verify your bank transit routing and account number)

By completing this section, I authorize the State of Alaska, if necessary, to make adjustments to the above account to correct any credit entries made in error. I understand the State will make a reasonable effort to notify me within twenty-four (24) hours when an adjustment is made. This authority remains in effect as long as I am retired or until the State receives written notice from me. I understand that 30 days written notice is required to change financial institutions, account numbers, or type of account. I further understand direct deposit will begin **after** the above account information has been electronically verified.

I also understand that **unless** I inform the Division of Retirement and Benefits otherwise, the first payroll after such changes are made, my benefit will be **electronically deposited** to the previous financial institution. Changes do not take effect until the second payroll after the change was initiated.

Direct deposit is not available to financial institutions in foreign countries. **Due to federal regulations, funds cannot be transferred electronically if the funds will be forwarded to an account in another country.**

VIII. HEALTH BENEFIT ENROLLMENT

Note to Medicare-eligible applicants: Please complete and return the Medicare Enrollment Verification form (ben097) on page F-17 to provide your Medicare Number (Medicare Beneficiary Identifier or "MBI") and effective dates listed on your Medicare card. The Division needs to receive this information as soon as possible to avoid any enrollment issues or disruption in your coverage. Once we receive this information, watch your mailbox for additional information on the Employer Group Waiver Plan (EGWP) from the pharmacy benefit manager for AlaskaCare. Visit AlaskaCare.gov/EGWP for more details.

XII. COURT-CERTIFIED COPIES OF DIVORCE/DISSOLUTION DOCUMENTS

DIVORCE: If you have been divorced or had your marriage dissolved during your PERS employment, you are required to submit court-certified copies of your documents; court-certified documents are distinguished by a raised, embossed seal or blue-ink seal of the court. If you have been divorced, submit copies of your divorce decree, Findings of Fact and Conclusions of Law and the property settlement agreement or any other documents that address your retirement; if you had your marriage dissolved, submit court-certified copies of your decree of dissolution, your petition for dissolution, and the property settlement agreement or any other documents that address your retirement.

Federal law prohibits the disbursement of retirement funds unless the ex-spouse has either filed a Qualified Domestic Relations Order (QDRO), has waived their right to benefits, or if there is clear evidence there is no entitlement.

XIII. CERTIFICATION

BONA FIDE TERMINATION OF EMPLOYMENT

The Internal Revenue Code and Alaska law require a bona fide termination of the employee/employer relationship to occur before a member can be eligible to receive retirement benefits. I certify:

- ☐ that I have read the information contained on pages 33-34 of this application booklet explaining the requirements for a bona fide termination of employment.
- ☐ that I **DO** have a pre-arrangement with my employer to return to work after my retirement and cannot retire at this time.
- ☐ that I **DO NOT** have a pre-arrangement with my employer to return to work after my retirement.

I understand that all terms of the pension benefit selected are irrevocable and that any change to my selection on this application or its withdrawal must be done in writing and received by the Division of Retirement and Benefits prior to the effective date of my benefit.

I acknowledge that I can contact the Division of Retirement and Benefits for counseling on any of my retirement options.

I acknowledge that I have been offered all three health plans available: medical, dental-vision-audio (DVA), and long-term care (LTC).

I further understand that this is my only opportunity to enroll in the long-term care plan and that by not electing long-term care at this time, or by not paying the required premium payment, I waive my right to future participation in the LTC plan.

I understand that if I first entered the PERS on or before June 30, 1986, this is my only opportunity to enroll in the dental-vision-audio plan and, that by not electing DVA at this time, I waive my right to future participation in the DVA plan.

I understand that if I first entered the PERS on or after July 1, 1986, I may enroll in the medical and dental-vision-audio plans now or during an open enrollment period, subject to certain restrictions and by paying the required premium payment. The open enrollment period does not apply to medical or dental-vision-audio if I am eligible for system-paid medical at retirement.

I understand that my dependents between the ages of 19-23 are required to be registered at, and attending on a full-time basis, an accredited educational or technical institution recognized by the Department of Education and Early Development unless totally and permanently disabled.

I authorize the deduction of premiums from my benefit check for any insurance elected above and understand that premiums are subject to change.

I attest, as required by the Federal Office of Foreign Asset Control in support of U.S.C. Title 50, War and National Defense, the full amount of my direct deposit (if selected) is not being forwarded to a bank in another country and if at any point I establish a standing order with my receiving bank to forward the full direct deposit to a bank in another country, I will inform the State of Alaska, Division of Retirement and Benefits immediately. If the State discovers the full amount of a direct deposit has been forwarded to another country, the direct deposit agreement shall be terminated.

Spousal Waiver of Beneficiary

Spouse's Consent

I, _____, am the spouse of _____.

I understand that I may be entitled to the death benefits that will be paid if my spouse dies. I have reviewed the retirement benefit provisions described in the *PERS Information Handbook*. I understand that, depending upon the circumstances of my spouse's death, I may be eligible to receive either a lump sum benefit or monthly benefit for the rest of my life and that major medical insurance may be available to me and my eligible dependents while I am receiving monthly benefits.

By signing this consent, I agree to waive my right to any benefits that would be paid to me and consent to the naming of another beneficiary.

The term "educational institution" means a school maintaining a regular faculty and established curriculum and having an organized body of students in attendance. It includes primary and secondary schools, colleges, universities, normal schools, technical schools, mechanical schools, and similar institutions, but does not include non-educational institutions, on-the-job training, correspondence schools, or night schools. It is the member's responsibility to confirm that the educational or technical institution that your child is attending is accredited and recognized by the Department of Education and Early Development. To verify that a domestic institution is accredited, the following websites may be consulted: CHEA.org or ope.ed.gov/dapip. To verify that a foreign institution is accredited, the following resource may be consulted: studentaid.gov/understand-aid/types/international. Under the Participating Schools section, click the <i>International Schools That Participate in the Federal Student Loan Program</i> link. It is your responsibility to confirm that the educational or technical institution that your child is attending is accredited and recognized by the Department of Education and Early Development. By completing this verification, I acknowledge that a person who knowingly makes a false statement or falsifies or permits to be falsified, a record of the AlaskaCare Retiree Health Plan in an attempt to defraud the plan, is guilty of a Class A Misdemeanor, which upon conviction, is punished by a fine of not more than \$500 or by imprisonment for not more than twelve months or both (AS 39.35.670: AS 11.56.210). I also acknowledge that a person who obtains funds and/or benefits by deception may be subject to prosecution for other crimes, including theft, which may be charged as misdemeanors or felonies with potential fines and penalties including imprisonment. I also acknowledge that a person who obtains funds and or penalties from the system unlawfully may also be required to make restitution. I understand that if my child does not finish the school year, or otherwise becomes ineligible, I will notify the State of Alaska of the change in status immediately.

MAILING ADDRESS		APARTMENT OR UNIT #	
CITY	STATE	ZIP	
PHYSICAL ADDRESS ☐ CHECK IF SAME AS MAILING ADDRESS		APARTMENT OR UNIT #	
CITY	STATE	ZIP	
TELEPHONE NUMBER	EMAIL ADDRESS		

The Centers for Medicare & Medicaid Services (also called CMS or Medicare) requires that you maintain a residential (physical) address within the Medicare service area. A post office box does not qualify. The service area includes the United States, the District of Columbia, Guam, Puerto Rico, the US Virgin Islands, Northern Mariana Islands, and America Samoa. We need you to confirm that you live inside the plan's service area. No mail will be sent to this physical address unless it is the same as your mailing address. It will only be used to verify that you live inside the plan's service area.

SECTION II. MEDICARE ENROLLMENT INFORMATION

Provide us your Medicare Beneficiary Identifier (MBI) number, which is your Medicare Number, and effective dates listed on your Medicare card. **To ensure the correct information is recorded, please print clearly and, if possible, include a scanned copy of the card.**

SECTION III. INCOME RELATED MONTHLY ADJUSTMENT AMOUNT (IRMAA)

Certain high-income AlaskaCare members are required to pay a Medicare Part D Income Related Monthly Adjustment Amount, or IRMAA, surcharge. If you are subject to the IRMAA surcharge, the Division will reimburse you for the full cost of the premium associated with your prescription drug coverage. Visit AlaskaCare.gov/IRMAA for step-by-step instructions for reimbursement. You may also contact OptumRx directly for Part D IRMAA surcharge reimbursement information by calling (855) 409-6999.
