T1.15 - Legal Coordination Guidance

A Legal Coordination Guidance

1 Introduction Revised 9/2020

a. FAA acquisition actions can raise significant legal issues. For example, although pursuant to 49 U.S.C. §40110, FAA is exempt from federal acquisition laws and regulations, other statutes and court decisions require FAA to demonstrate a rational basis, supported by substantial evidence, for acquisition actions. In addition, many laws and regulations enacted for purposes other than procurement apply to FAA acquisitions. Please refer to AMS Policy Appendix E for a list of all applicable laws and regulations.

b. Therefore, the service organization will coordinate acquisition actions with FAA counsel on an ongoing basis throughout the acquisition lifecycle. It is the responsibility of agency counsel to represent FAA's legal interests within the service organization and, exercising independent professional judgment, advise the service organization concerning legal issues, including, the legality and integrity of acquisition actions, and represent the service organization in litigation and other legal matters.

2 Applicability

This Guidance applies to all FAA acquisition matters, at all stages of the acquisition lifecycle.

3 Definitions Revised 1/2024

a. As used in this Guidance, the term "agency counsel" means the Assistant Chief Counsel, Acquisition and Fiscal Law Division.

b. As used in this Guidance, the term "Coordinate" means: soliciting the opinion and recommendations of agency legal counsel reasonably prior to taking acquisition actions, i.e., after providing agency counsel accurate and complete information in sufficient time for review and the provision and legal advice.

c. As used in this Guidance, the term "Service Organization (s)" means: plan and manage resources, as assigned, to deliver services within their area of responsibility. Within the FAA, service organizations include any service unit or team, program office, directorate, or other organizational entity engaged in the delivery and sustainment of air traffic services, safety, security, regulation, certification, operation, commercial space transportation, airport development, or administrative service assets.

d. As used in this Guidance, the term "Represent" means: recommending an appropriate legal position for the service organization regarding an acquisition matter, and, as appropriate, presenting this position to other parties, such as in administrative or judicial proceedings, or in communications, discussions, or negotiations with another party during a

protest, dispute, or claim.

e. As used in this Guidance, the term "Contracting Officer (CO)" includes both warranted 1170 Series Contracting Officer and warranted 1102 Series Contracting Officer.

4 Coordination Guidance Revised ~~9/2024~~10/2024

a. Coordination between the Service Organization and Agency Counsel

(1) The service organization will coordinate acquisition actions with FAA counsel on an ongoing basis throughout the acquisition lifecycle. Agency counsel will timely respond to the service organization with accurate and effective legal advice that is consistent with legal mandates and relevant to the agency's business discretion. Agency counsel may, at his or her discretion, establish general time frames for such responses, which counsel will make every effort to meet, taking into account the agency counsel's workload and competing priorities. Counsel will describe and interpret legal issues involved in the matter; identify and assess the legal risk of a particular proposed decision; evaluate alternative courses of action; and identify potential illegal or improper actions.

(2) In case of a conflict between FAA's legal interests and those of a service organization, agency counsel's client is the FAA, and not the service organization. In addition, each agency counsel is bound by independent professional ethical obligations and responsibilities as a licensed attorney.

(3) The Contracting Officer will document the acquisition file with agency counsel's opinion and recommendations. The Contracting Officer will document the reasoning/decision process when choosing not to follow the agency counsel's recommendations and provide a copy for counsel.

b. General Coordination Guidance for Acquisition Actions
